

Haul Out, Service, Store!

Pre-Haul Out Season Prep

Creating a plan for the "Off Season" helps to create a smooth transition out of the water and prepare for next year's boating season! Create a schedule that lists priorities top to bottom - haul out dates that work with your schedule, storage plans, and annual service maintenance that needs to be completed. View tips & tricks we found on our website under Haul Out Season Tips [here](#). Additionally, Anchor's Way offers a new online haul request exclusive to slip lessees. Find more information

about this year's Fall Haul on our website under Haul Out.

Service Your Pride & Joy!

Annual maintenance can easily be scheduled for the "Off Season" in order to avoid chaos when spring rolls around. "Fall Haul" & "Spring Launch" are the busiest times of the year for Yard Staff - so planning ahead & getting that smooth wax done beforehand can make getting back into the water as easy as coming out!

View our downloadable [Service Work Form](#) on our website so you can check off and schedule "must needed" work to be done this winter with a breeze!

All service inquiries, please email service@anchorsway.com or contact our office at (269) 982-0812 for more information.

Store With Us!

Looking to store? Anchor's Way Marina offers indoor and outdoor storage options for both power & sail boats. Included in our storage, boater's receive complimentary haul out, pressure wash, spring launch and more! Find everything you need for Winter Storage along with Winterization for our outdoor storage customers on our website under Haul Out, [Published Fall 2019 Haul Out Price Book](#). Check out our "Early Rate" discount program here!

Calling All Sailors!

While our famous rigger & sailboat maintenance man, Nolan Wolfe, has put hard work (and thought) into establishing cradle owners, Anchor's Way Marina has come across a handful of unmarked cradles throughout the yard. Please contact the office via phone or email so we are able to find homes before haul out season begins if your cradle is unmarked! Better yet, come see for yourself if you're in the area and we can provide you with proper tagging material. If your cradle is not in worthy condition to hold your boat, please make plans to repair or replace before haul out!

Looking to sell your boat? Anchor's Way Marina offers a full brokerage program for buyers & sellers! Contact sales@anchorsway.com for more information!
